Greetings!

I hope you and your family are safe and well during this time of pandemic.

The POGS-HMO Committee is bringing good news to our POGS members. The Association of Health Maintenance Organization of the Philippines (AHMOPI) is *extending their initial three (3)-month time frame for enhanced PF rates covering the period 01 June to 01 September 2020-this time by four (4) months i.e. 01 September to 31 December 2020* because of the apparent worsening Covid-19 pandemic. (Please see attached AHMOPI letter dated 21 August 2020)

Out-patient face-to-face consult will be maintained at its enhanced rate of Six Hundred Pesos (P600.00) and tele consults, if resorted to, will be at Four Hundred Pesos (P400.00).

This applies to POGS members who have signed the POGS-AHMOPI MOA Initiative. As such, we are encouraging all Diplomate and Fellow members to join this Initiative to be able to avail of the new rates of the AHMOPI, most especially at this Covid-19 risk-laden time. If our POGS members have not joined POGS-AHMOPI MOA Initiative at the outset, and would want to do so now, they can get in touch with the POGS Secretariat thru Ms. Mary Rose Guinto for speedy processing of documents/requirements needed.

Moreover, *the parameters of the AHMOPI'S timeframe for enhanced PF rates apply to this extension as of late, i.e. possibly extendable and/or while the country's State of Public Health Emergency has not been lifted.*

Thank you.
