

LOGBOOK OF RESIDENTS: CREED HANDBOOK 2022

Each resident shall maintain three logbooks to document pertinent information on the following cases: 1) obstetrics, 2) major gynecologic, and 3) minor gynecologic. All procedures must be logged and tabulated using the following formats, arranged in chronological order, using standard nomenclature.

The table below is the format for procedures performed for obstetric and gynecologic cases. It is recommended that the logbook is partitioned/labeled into the various procedures for easy reference.

Updated format for the tabulation of procedures:

I. OBSTETRICAL PROCEDURES
